(b) For a child for whom a minimum length of stay is established under Section 243.002 [61.062] of one year or longer, the initial examination must include a comprehensive psychiatric evaluation unless the department had received the results of a
comprehensive evaluation of the child conducted not more than 90

(c) The department [commission] shall administer
comprehensive psychological assessments to a child as part of the
child's initial examination, including assessments designed to
identify whether a child is in need of a psychiatric evaluation. If

the child is in need of a psychiatric evaluation, the department
[commission] shall as soon as practicable conduct a psychiatric
evaluation of the child.

(d) The board shall establish rules for the periodic review
and reevaluation of the written treatment plan as described by
Subsection (a-1).

(b) The reexamination must include a study of all current circumstances of a child's personal and family situation and an evaluation of the progress made by the child since the child's last examination.

(a) In the interest of achieving the purpose of the commission and protecting the public, the commission may disclose records and other information concerning a child to the child and the child's parent or guardian only if disclosure would not materially harm the treatment and rehabilitation of the child and would not substantially decrease the likelihood of the commission receiving information from the same or similar sources in the future. Information concerning a person who is age 18 or older may not be disclosed to the person's parent or guardian without the person's consent.

(b) The commission may disclose information regarding a child's location and committing court to a person having a legitimate need for the information.

(b) After due notice to the department [commission], the committing court shall discharge the child from the control of the department [commission] unless the department [commission] satisfies the court that further control is necessary.

(e) On application of the commission, a court of record having original jurisdiction of criminal actions may compel the attendance of a witness, the production of material, or the giving of testimony before the hearings examiner, by an attachment for contempt or in the same manner as the court may otherwise compel the production of evidence.

(4) place physically fit children in parks-maintenance camps, forestry camps, or ranches owned by the state or the United States and require the performance of suitable conservation and maintenance work.

2. the child's parents and any other person having a duty of support acknowledge that by permitting the mother to have possession of the child while the mother is confined in a residential facility or placed in an independent living residence, the department [commission] assumes no responsibility for the child's care beyond the responsibility of care that is ordinarily due the child's mother and the reasonable accommodations that are
necessary for the mother's care of her child;

(3) the child's parents and any other person having a duty of support agree to indemnify and hold the department [commission] harmless from any claims that may be made against the department [commission] for the child's support, including medical support; and
